LA PLATA COUNTY COMPREHENSIVE PLAN LIVE TELEVISION BROADCAST

Durango, CO – La Plata County is joining Durango Community Access Television (DCAT), Chanel 22, to host a live call in show about the ongoing visioning process being undertaken for the La Plata County Comprehensive Plan Update. A community vision is a critical component of a Comprehensive Plan as it defines the shared values residents have in common, as well as articulates community desires for the future. To date, the county has received input at 23 public events, including 6 open houses in various parts of the county. Additionally, the County has received over 200 adult and youth surveys.

Commissioner Joelle Riddle stated, “The community so far has really turned out for these events and it’s great to see so many citizens caring about our future. The DCAT broadcast will be another great opportunity for the community to ask questions about the visioning process so far, and I hope folks take advantage of this opportunity to be involved.”

The live show will air September 17, 2009 from 7:00 p.m. to 8:00 p.m. For those who would like to ask questions during the broadcast, please call (970) 259-2802. If you are unavailable to make a phone call during the broadcast, you may email questions ahead of time to Jason Meininger at meiningerJL@co.laplata.co.us or call him at (970) 382-6267.

For additional information on the County Comprehensive Plan update, visit the planning process website at: www.laplatacountyplan.com, or contact Jason Meininger at 970-382-6267 or at meiningerJL@co.laplata.co.us.
